

DAI-ICHI'S PRODUCTS

Hard surface Cleaning Products

Dailube 9002	Low foaming amphoteric surfactant, stable in acidic, alkaline and high concentration of salts. Excellent degreasing agent. APEO free.
Noigen SQ-15	Amphoteric polyether sulphate surfactant, moderately foaming with high alkaline stability. APEO free.
Noigen EPR-10	Anionic surfactant with excellent wetting, emulsifying and dispersing property. Moderately foaming, heavy duty degreaser and hard surface cleaner.
Noigen Sw-06	APEO free anionic surfactant with excellent wetting, emulsifying and dispersing property. Low forming heavy duty degreaser and hard surface cleaner.
Dainol 25	Anionic surfactant of alkyl aryl sulfonate chemistry with excellent wetting emulsifying and dispersing property. Excellent stability in high concentration of alkali and metal salts.
Noigen ET 143	Nonionic surfactant of excellent wetting, emulsifying and dispersing property. Moderately foaming and APEO free.
Noigen H 294	Nonionic surfactant, moderately foaming degreaser and hard surface cleaner.
Noigen EA 635	Nonionic powerful wetting, emulsifying and degreasing agent for hard surface. Mildly foaming.
Neopon DD 301	Low molecular weight polymeric chelating and sequestering agent.
DKG – 0675 DKG – 8160 DKG – 8060	Alkyl poly glycosides with excellent wetting emulsifying and degreasing property. Truly APEO free and environment friendly surfactants for food, pharma, cosmetic and allied applications.
